GRAFFITI RE-GARD

An Environmentally Safe, Low Cost and Simple Graffiti Control Product

- Maximum Protection against Spray Paint Graffiti

- Application

Simply clean surface prior to applying clear, water-based GRAFFITI RE-GARD. Apply with a roller or airless spray equipment at 0.1 to 0.2 litres per m²

- Removal

Hot waterblast all surfaces which have graffiti using 82°C - 88°C hot water at 800 - 900 P.S.I. pressure. Allow to dry. Reapply GRAFFITI RE-GARD.

- Uses

GRAFFITI RE-GARD offers excellent GRAFFITI CONTROL protection for simple walls, factories and residential or office buildings. GRAFFITI RE-GARD preserves roadway structures, bridges, subways, schools and shopping malls.
